

2007 AUR Award Winners

Trainee Awards:

Trainee Scientific Presentation Award:

1st Place (\$500 Honorarium)

Tara A. Morgan

VA Maryland Health Care System

Limitations of Chemical Shift Subtraction MR Imaging in Differentiating between Adrenal Adenomas and Malignant Lesions

2nd Place (\$300 Honorarium)

Brady K. Huang, MD

University of Rochester School of Medicine & Dentistry

Occult Wrist Injuries: Prevalence and Distribution on MR Imaging

3rd Place (\$200 Honorarium)

Jennifer E. Ochsner, MD,

Seattle Cancer Care Alliance

Targeted US in the Evaluation of Suspicious Breast MR Imaging Lesions: Frequency of US Detection Based on Lesion Location and Breast Characteristics

Trainee Exhibit Award:

1st Place (\$500 Honorarium)

John M. McMenemy, MD

University of Texas Southwestern Medical Center

Basic Lumbar and C1-C2 Puncture and the Myelographic Examination: A Primer for Residents

2nd Place (\$300 Honorarium)

Jon A. Machayya, MD

St. Joseph's Hospital & Medical Center

CT and MR Imaging in Patients with Truncus Arteriosus

3rd Place (\$200 Honorarium)

Gregory R. Beyer, MD, MS

University of Michigan

Using US to Resolve Clinical Pitfalls in the Diagnosis of Hernias

A3CR2 Advisor's Award:

(\$1000 Honorarium)

Lina Nayak

Washington University School of Medicine

Audience-Response Systems in 1st-Year Medical Student Education: Effects of Attitudes and Behaviors

Lippincott Williams and Wilkins Trainee Book Awards

1. **Anis Frayha**
University of Maryland School of Medicine
2. **Abdul-Rahman Albeiruti, BA**
Wayne State University
3. **Kiran Sheikh, BA**
University of Michigan Health System
4. **Vaibhav C. Khasgiwala, MD**
Beth Israel Deaconess Medical Center
5. **Chirag V. Patel, MD**
University of Iowa Hospitals and Clinics

Philips Vydareny Imaging Interpretation Award:
Mallinckrodt Institute of Radiology

APDR Achievement Award:

Janet L. Strife, MD
Cincinnati Children's Hospital

AUR Gold Medal Presentations:

Hedvig Hricak, MD
Memorial Sloan-Kettering Cancer Center

And

Robert F. Mattrey, MD
University of California San Diego

Whitley Award:

Annemarie Relyea-Chew, JD, MS
University of Washington

Dedicated Core Clerkship in Radiology for Medical Students: Development, Implementation, Evaluation, and Comparison with Distributed Clerkship

And

David S. Feigin, MD
Johns Hopkins Medical Institutions
Learning and Retaining Normal Radiographic Chest Anatomy: Does Preclinical Exposure Improve Student Performance?

Memorial Award:

Douglas R. Kitchin, BS

Indiana University School of Medicine

Learning Radiology: A Survey Investigating Radiology Resident Use of Textbooks, Journals, and the Internet

RRA Young Investigator's Award:

Claude Sirlin, MD

University of California, San Diego

GERRAF Winners:

Paul P. Cronin, MD

University of Michigan

Reducing Cardiovascular Risk: Tailored Patient Education Using Screening CT for Coronary Artery Disease in a Teachable Moment

Marta E. Heilbrun, MD

University of Utah

Cost-effectiveness Analysis of Percutaneous Biopsy in the Diagnostic Work-up of the Small Solid Renal Mass

Nabile M. Safdar, MD

University of Maryland

Creating a Framework for Analyzing 'Hidden' Variables in Imaging Research, with a Case Study Assessing the Effect of Extended Work Hours on Task Vigilance

Hanna M. Zafar, MD, MHS

University of Pennsylvania

Utilization and Therapeutic Efficacy of FDG PET in the Evaluation of Patients with Colorectal Cancer Following Curative Resection
