

Instruction for Authors for AMSER Case of the Month:

AMSER (The Alliance of Medical Student Educators in Radiology) is soliciting cases from medical students for the AMSER Case of the Month which will be published on our website as a peer-reviewed electronic publication. These are meant to be straightforward cases that utilize the ACR Appropriateness Criteria with an emphasis on the radiologic work up of the case, the findings, and a short discussion. They will initially be published as PDFs but we may switch to a more interactive web based format.

Please follow the format of the published cases and template and send it as a PowerPoint which the editor can make changes to if necessary. Before submitting, please review your case with an attending-level physician who is an AMSER member.

Once the editors have reviewed your case, we will let you know their decision via e-mail.

To submit your case, please email your PowerPoint along with this form to **agarwala@iu.edu** :

First Name:

Last Name:

Email:

Institution:

Attending physician who must be an AMSER member who has reviewed your case:

Diagnosis:

Subspecialty (i.e., GI, GU, Chest, Neuro, etc.):

Modalities:

Thank you,

Atul Agarwal, MD

Indiana University School of Medicine

Editor of AMSER Case of the Month
