On April 14-17, 2015 the 63rd annual meeting of the Association of University Radiologists (AUR) “Imaging and Teamwork: Leading the Way” was held in New Orleans, LA. Chief residents from around the country gathered for the proceedings of the American Alliance of Academic Chief Residents in Radiology (A³CR²). As always, new executive officers and steering committee members were elected in preparation for the upcoming 2015-16 academic year. As of this academic year, Dr. Peter Liu will be the senior faculty advisor of A³CR².
2015 $\text{A}^3\text{CR}^2$ Session Highlights

Brogdon Panel discussing current demographics of the radiology community. There was a lively discussion of how to increase diversity in the U.S radiology work force.

Attendees wound down after the Brogdon panel with a socializer at the Mardi Gras World Museum. A classic New Orleans location with southern comfort food and live music!

$\text{A}^3\text{CR}^2$ members had access to Case Review Sessions by renowned subspecialists in the new CORE Exam format. Radiology cases culminated in the two-day Vydareny Imaging Interpretation with friendly intercollegiate competition.

Gautham P. Reddy, MD (second from left) is honored by the outgoing 2014 executive committee for his long tenure as senior faculty advisor to $\text{A}^3\text{CR}^2$ (2009-2015).
